Carnation Verruca Caps

Uses

For the treatment of verrucas.

Dosage

Adults and children over 6 years: apply 1 cap every 2 days for 8 days. May be repeated after 28 days if the verruca has not gone. Not to be used by people with diabetes or circulatory disorders. Pregnant women should seek medical advice before use. Children under 6 years and adults over 50 years should seek medical advice before use to ensure the condition is a verruca.
