

Pepto-Bismol 262.5mg Chewable Tablets

Uses

For relief of nausea, heartburn, indigestion, upset stomach and diarrhoea.

Dosage

Adults and children 16 years and over: chew or dissolve 2 tablets (1 dose) in the mouth. Repeat the dose every 30-60 minutes if needed. No more than 16 tablets (8 doses) in 24 hours. Not to be taken for more than 2 days. If used for longer than 2 days or at higher doses than recommended, there is an increased possibility of severe side effects. Under 16 years: not to be used.
