Uses

Verruca & wart removal device based on the liquid (acid) method.

Format and Ingredients

Applicator containing:

TCA Acid Gel,

Dosage

Adults and children over 4 years: Apply twice daily for 4 days after which peeling skin can be carefully removed under lukewarm water for the next 4 days. If the verruca or wart does not disappear completely, repeat the treatment after a break of 4 days. The treatment pattern can be repeated up to 4 times. Under 4 years: not to be used.
