Manufacturer
GALDERMA (UK) LTD
Pack size
30g, 60g
RRP
£14.99, £19.99
Legal Status
(P), (P)

Uses

Topical therapy for the treatment of acne vulgaris.

Format and Ingredients

Gel containing:

Benzoyl Peroxide 5% w/w,

Dosage

12 years and over: after cleansing with a gentle cleanser and drying the skin, apply a thin layer of the gel once or twice daily, or as directed, to the affected areas. Those with sensitive skin should apply the gel once daily before going to bed. The extent of any drying or peeling may be adjusted by modifying the dosage schedule. Using a moisturiser after application to the face can help to reduce any irritation the treatment may cause.
