Care ViraSoothe Chickenpox Relief Cooling Gel

Uses

To relieve the irritating symptoms of chickenpox. To relieve itching and reduce scarring.

Dosage

Children over 6 months: holding the bottle approximately 10cm from the skin, spray the gel onto the skin. If required, gently rub the gel into the affected area with a light massaging action. Apply 2-3 times a day or whenever relief is needed. Do not to spray into the eyes or directly onto the face. Avoid breathing in the spray. Application to the face can be best achieved by applying via the hands and gently rubbing in the normal way. All adults, including those who are pregnant or breastfeeding, the elderly and children under 6 months, should only be treated under medical supervision.
