Lyclear Treatment Spray

Uses

For the treatment of headlice. Kills headlice and their eggs.

Dosage

Adults and children over 6 months: hold the spray approximately 10cm from the hair and carefully spray a sufficient quantity evenly onto dry hair, cover all of the hair and scalp. Massage well from the roots to tips, paying particular attention to the neck and the area behind the ears. Leave for 15 minutes. Apply normal shampoo all over the hair without wetting it, then add water and shampoo thoroughly. Rinse with warm water. Repeat the washing procedure, if necessary. Comb the hair with the fine toothed anti-lice comb. Under 6 months: not suitable.
