

Fybocalm Diarrhoea Relief

Uses

Restores intestinal function in patients suffering from irritable bowel syndrome (IBS) that may be related to intestinal hypersensitivity or certain medicines to relieve and prevent symptoms such as chronic or relapsing diarrhoea, abdominal distension, pain, bloating and flatulence.

Dosage

18 years and over: 1-2 capsules, depending on the severity of the symptoms, twice a day (in the morning before breakfast and in the evening before dinner). For maximum benefit, use for 2 weeks. Treatment can be continued if needed.
